

General Government

Assessor

Department Summary

The Assessor is responsible for the appraisal of all real and personal property in the County for the purpose of taxation. Under Clark County's annual appraisal system, one-sixth of the parcels in the County must be physically inspected and re-appraised each year. The assessed values of the remaining parcels are reviewed and updated to market value. The department certifies tax levies made by all taxing districts in the County. This office is also responsible for the County's mapping and Geographic Information System (GIS) activities.

Assessor

Program Summary

Appraisal

The Appraisal staff carries out the primary assessment responsibilities of discovery, listing, and valuing all properties at 100% of fair market value in accordance with Washington State laws, and administers the State-mandated Current Use program. The appraisal staff is responsible for determining full and equitable values of locally assessed properties, real and personal. Accordingly, Clark County's goal for economic stability depends on the thoroughness and fairness with which the duties of the Assessor are discharged.

Assessor

Program Summary

Assessor's Office Administration

Administration provides clerical and other support services to the Appraisal and GIS programs. Administration activities include managing special programs and related public education; developing the department budget and monitoring expenditures; evaluation and modifying departmental procedures to meet state-mandated deadlines efficiently; providing ongoing training and responding to public inquiries and requests for information.

Auditor

Department Summary

The Auditor's Office provides a broad range of predominantly regional services to Clark County residents and to County departments. All of its programs are mandated by state law and/or County code. As such, the Office's primary goal is to perform its various functions in conformance with applicable laws and regulations. Programs and services include: issuing motor vehicle and vessel licenses; issuing marriage licenses; maintaining official public records; supervising elections; processing payments and providing accounting and financial support services to county departments; and, performing internal control and performance reviews of county programs.

Auditor

Program Summary

Auditor's Administration

This program provides direction and administrative support to the Auditor's Office programs. To fulfill these responsibilities the County Auditor works, as needed, with the Clark County Board of County Commissioners, other elected officials, the State legislature, the Governor's office, the Secretary of State, the State Auditor, the Attorney General and the director of the Department of Licensing. In addition, the Auditor works individually and with other county auditors and elected officials to advocate for the interests of county residents at the state and local level.

Auditor

Program Summary

Auto License

This program issues vehicle and vessel licenses, transfers titles and collects the appropriate fees as an agent of the State Department of Licensing. Program staff manage contracts with vehicle and vessel licensing subagents, who also provide licensing and titling services. In addition to licenses, program staff and subagents also issue special vehicle permits, such as trip permits and handicapped parking permits.

Auditor

Program Summary

Financial Services/Audit

Staff in this program perform financial and management analysis; provide advice on financial issues, and conduct internal control, compliance, and performance reviews of county programs. The program also processes payments, invoices and payroll for county departments and certain other government agencies in Clark County. Additional responsibilities include maintaining accounts and project costing systems to report on the financial activity of the county and these other agencies.

Auditor

Program Summary

Recording/Marriage License

This program is responsible for receiving, processing, and facilitating public access to certain official public records in Clark County. These records include legal documents related to real estate transactions and other documents that the public submits to the Auditor's Office for recording and preservation as a public record. This program also issues marriage license applications and maintains a public record of these applications as well as marriage certificates.

Bank Service Fees

Program Summary

Financial Services

This program supports investment, banking and debt activity by the Treasurer's Office. These activities are performed for the County as well as all junior taxing districts and agencies we have entered into interlocal agreements with. These services encompass the County's Investment Pool, the cash management, and debt management including arbitrage calculations of the County and its junior taxing districts.

Board of Equalization / Boundary Review Board**Department Summary**

This department assists the county legislative authority in the administration of property tax. The County Board of Equalization provides an impartial citizen forum for review of the County Assessor's actions by (1) Providing a forum for property owners to obtain a cost-free review of assessed valuations on an individual basis, (2) Provides a "safety valve" for the property tax system in terms of unilateral equalization authority and taxing district(s) levy limits, (3) Reviews taxpayer exemption removals and denials appealed on an individual basis, and (4) Fosters citizen confidence in the fairness and integrity of the property tax system. In addition, effective July 8, 1996 all administrative services for the Boundary Review Board were assimilated into the department. Both the Board of Equalization and Boundary Review Board meet Federal and State Constitutional due process of law requirements.

Cable Television

Department Summary

The County's responsibilities for cable television franchise administration, as well as public affairs and government programming, are carried out by the Clark/Vancouver Cable Office (CVTV), a City-County joint venture. The City of Vancouver is the fiscal agent for the office, so the County budget reflects only the payment to the City for cable services. The Clark/Vancouver Cable Office provides full service video production facilities and regularly produces programs for the County. Examples include the monthly "Clark County Closeup" program, a 30-minute magazine format program on County services and issues; and "Clark County Focus," a 30-minute monthly studio discussion program. This office also operates a head-end playback facility.

Commissioner's Office

Department Summary

The Board of County Commissioners is the legislative, administrative and quasi-judicial authority for Clark County. The Board sets county policy and is responsible for the adoption of the annual budget, provision and maintenance of public facilities, construction and maintenance of county roads, development and implementation of planning and zoning policies, appointments to advisory committees and boards, and the adoption of all county ordinances. The Board of Commissioners carries out all responsibilities in accordance with the established county goals. These goals are: Partnering with citizens to have safe communities, economic stability and mutual respect.

Commissioner's Office

Program Summary

Board of County Commissioners

This program includes Legislative/Admin/Quasi-Judicial, Administration, Constituent Services, and Office Support. Legislative/Admin/Quasi-Judicial includes Board of Commissioner public hearings and meetings which deal with the following issues: setting county policy, adoption of county budget, provision and maintenance of public facilities, construction and maintenance of county roads, development and implementation of planning and zoning policies, appointments to advisory boards, and committees, and adoption of all county ordinances. Administration is in charge of managing and coordinating activities of departments within the county that are not supervised by an elected official. Within this scope are several responsibilities. One of these responsibilities is to foster cooperative relationships and projects county-wide. Additionally, the county administrator establishes and oversees activities within the county necessary to run the day-to-day operations including, but no limited to: budget, communications, information systems, and some contract management. Constituent Services responds to constituent requests, by letter or telephone, in a timely fashion. This includes maintenance of a tracking log. Office support provides clerical support for the Commissioners and County Administrator. Duties include telephone answering, greeting public, maintenance of office supplies and equipment, filing, typing, purchasing and budget monitoring, payroll, and maintenance of full board calendar.

Community Support

Department Summary

This category includes County contributions to various intergovernmental agencies responsible for enhancing the quality of life in the region. Agencies funded annually include the Columbia River Economic Development Council (CREDC), and the Southwest Washington Air Pollution Control Authority (SWAPCA). Prior to 1994 the Washington State Association of Counties (WSAC) and the Washington Association of County Officials (WACO) were also funded out of this category. Funds for the support of these two (2) agencies are now budgeted in the newly created County-wide Services department. Prior to 1997, the Boundary Review Board (BRB) was also funded out of this category. Funds for the support of this agency are now budgeted in the newly consolidated office of Board of Equalization / Boundary Review Board.

Community Support

Program Summary

Columbia River Economic Development

This program provides support to the Columbia River Economic Development Council (CREDC). The CREDC provides information to firms and individuals interested in investing in the Clark County area, provides information and referrals to public and private financing programs, provides market and demographic information and maintains a current industrial property and building database to enhance industrial and business recruitment and retention.

Cooperative Extension

Department Summary

Based on a longstanding MOA with Clark County, WSU Extension provides educational resources to Clark County residents through a partnership between County government and Washington State University. Extension engages people, organizations and communities to advance knowledge, economic well-being and quality of life by fostering inquiry, learning, and the application of research. This fosters communities and their social capital by building the capacity of individuals, organizations, businesses, and communities, enabling them to craft solutions to local issues and enhance their quality of life.

Extension delivers educational programs in the areas of youth development (4-H), local food systems, horticulture, natural resources protection, food safety, nutrition education, and community development. Extension activities include, but are not limited to: classes, workshops, and conferences; volunteer training and management; frequent individual consultations with County residents; on-site home and farm visits; and writing and distribution of written materials (e.g., fact sheets, Extension publications, newsletters, brochures). Extension also helps Clark County residents access resources from the WSU statewide system of Extension offices and campuses. Extension fosters and promotes partnerships with public agencies, NGOs, community groups and members, and individuals to implement the shared mission of WSU Extension and Clark County.

Extension leverages resources through outside funding and its cadre of over 800 volunteers in 4-H, WSU Master Gardeners, and Watershed Stewards.

Cooperative Extension

Program Summary

Capacity Building Through Education

This program includes all Extension education efforts although the Watershed Stewards and Small Acreage Programs are separated for budget purposes. Washington State University Extension provides educational resources to Clark County residents through a partnership between County government and Washington State University. Extension builds the capacity of individuals, organizations, businesses, and communities, enabling them to craft solutions to local issues that enhance their quality of life, promote healthy social and civic communities, and economic development. Extension provides educational programs in the areas of sustaining local food systems, horticulture, natural resources and environmental stewardship, youth development (4-H), food safety and nutrition, diabetes management, and other community identified issues.

Extension activities include, but are not limited to: subject area classes, workshops, and conferences; volunteer training and management; individual consultations; on-site visits; and writing and distribution of educational materials (e.g., factsheets, Extension publications, newsletters, brochures).

Extension trains and manages para-professional volunteers to provide educational programs in their communities. Over 800 volunteers work as WSU Master Gardeners, 4-H Club Leaders and Adult Mentors, and Watershed Stewards. The 4-H club program remains the third largest in the state.

Cooperative Extension

Program Summary

Habitat and Restoration Education

This program supports efforts to conserve and restore the Gee Creek Watershed in Clark County. WSU Extension will cooperate with the US Fish and Wildlife Service, other agencies, and private landowners to coordinate and develop restoration projects to improve fish and wildlife habitat in the Gee Creek Watershed.

Cooperative Extension

Program Summary

Master Composter/Recycler

Based on an intergovernmental agreement between Clark County and WSU Cooperative Extension, the Master Composter/Recycler Program annually trains new volunteers and manages over 50 current volunteers. Staff and volunteers provide community educational opportunities (e.g., workshops, teacher training, events, demonstrations, dissemination of printed materials, and compost bin sales) aimed at decreasing the solid waste stream in Clark County through composting and recycling. Components include: compost systems for residential refuse (e.g., vermicomposting); compost use and soil relationships; grass cycling; and waste reduction and recycling.

Cooperative Extension

Program Summary

Small Acreage Program

This program reaches an audience of new small acreage landowners who have little background in managing land in peri-urban settings. This audience significantly impacts the natural resource base of Clark County. Educating these landowners in environmentally sensitive land management can potentially reduce the workload of the regulatory departments within the county overseeing land use. Components include, among others: septic system management; wellhead protection; managing animal manure; protecting surface and ground waters through the use of best management practices (BMPs).

Program Summary

Watershed Stewards

In partnership with Clark County, WSU Extension Watershed Steward Program trains volunteers and manages 85 current volunteers. Staff and volunteers provide community educational opportunities (e.g., workshops, restoration and other events, demonstrations, and dissemination of educational materials) and work on stream restoration projects aimed at improving watershed health in Clark County's various watersheds.

County-Wide Services

Program Summary

Customer Service County-Wide

A major emphasis of the County Administrator has become Customer Service. In 1995 the Board of County Commissioners approved a customer service policy indicating that "Clark County is committed to providing ongoing quality service to all of our customers. The County recognizes that to achieve this goal, our employees must have to tools and authority to take personal responsibility for providing customer service."

ESA

Program Summary

ESA

The Clark County ESA Program has completed work on the Habitat Conservation Ordinance, the Lower Columbia Salmon Recovery Plan, and the Water Resource Inventory Area Plan. These plans embodied the ESA program goals of working with others through policy, education, and conservation to recover threatened and endangered species. Without coordinated implementation, these plans and ordinance won't produce desired environmental outcomes. The mission of the program, as expressed in the budget, is now to ensure plan and ordinance implementation in a way that supports salmon recovery.

Elections

Department Summary

This department is under the control of the County Auditor and is responsible for conducting all elections within Clark County and maintaining a record of the County's registered voters. Activities include updating voter registration information as needed, processing candidate filings and ballot issues, preparing ballot materials, providing equipment and staff for ballot drop-off locations, tabulating ballots and certifying elections results. Staff also works in cooperation with the Secretary of State's Office and other elections officials to develop and implement new state-wide election laws.

Geographic Information System (GIS)

Program Summary

GIS Consulting Services

Consulting Services include database design, data entry, and the development of applications such as ClarkView. Consulting Services differs from the Storefront in that these are larger projects requiring weeks or months of staff time. The goal of many Consulting Services projects are to automate processes and improve work flow throughout the County. ClarkView is an example of a project that has improved customer service by increasing the timeliness and quality of information provided. The products derived from Consulting Services are often made available to a wider audience through the Storefront.

Geographic Information System (GIS)

Program Summary

GIS Database Management

The core purpose of the GIS department is the creation and maintenance of the GIS database. County departments depend on this database for a wide range of planning and tracking programs. The database is an important component of the County's information infrastructure. The GIS department currently maintains over 200 layers of information. GIS Database Management includes the cost of hardware, software, and the staffing required to build and maintain the GIS.

Geographic Information System (GIS)

Program Summary

GIS Storefront

The GIS Storefront is responsible for creating and selling standardized and custom maps to County departments and the public. The Storefront is a fee-for-service provided as a public service to the County. The sale of quarter-section maps and the road atlas have been the biggest source of revenue in the past. It is anticipated that the sale of ClarkView and other software developed by the GIS department, and the sale of the digital data to support the software will significantly increase the revenues generated by the GIS Storefront.

The GIS Storefront plays an important role in Clark County's public perception. The ClarkView product presents the taxpayer with a wealth of accurate, useful information in an easy to understand format. The Clark County Atlas, Road Map, and Bike Map are recognized as high quality products throughout the region. The Storefront continues to develop in response to requests for services and data products utilizing the GIS database.

Treasurer

Department Summary

The County Treasurer plays a major role in local government finance. The Treasurer is the custodian of all funds for the county and governmental subdivisions. The Treasurer's Office operates much like a bank. The Treasurer is responsible for:

- collecting real and personal property taxes (including performing foreclosure and personal property distraint activities on delinquent accounts), special assessments, excise tax, gambling taxes, and miscellaneous receipts from other county districts and departments;
- accounting for all funds and deposits of revenue for the state, county, cities, and junior taxing districts (schools, ports, cemeteries, fire, drainage, and the Clark Public Utility);
- determining funds have adequate cash and authorizing the release of warrants for payment to vendors;
- administering short and long-term debt financing;
- managing the cash flow (liquidity) of the county, and investing funds not needed for immediate expenditures for the county and junior taxing districts;
- coordinating bank services and facilitating financial planning within and between the county and various taxing districts.

Treasurer

Program Summary

Tax Service

The Tax Service Department is divided into three sections: Customer Service, Data Management and Collections. The customer service section works to communicate with all customers in a courteous manner while receipting, posting and if applicable refunding overpayments of taxes, assessments, fees and general deposits. Data Management is committed to ensuring the integrity and accuracy of each database maintained within the county that affects data utilized and reported by the Treasurer. Delinquent property taxes, gambling taxes, various assessments and fees billed by the county are collected by the Collections section, as well as returned items for many county departments.

Treasurer

Program Summary

Treasurer Finance

This program enables Clark County and over 26 local governmental jurisdictions to improve their financial positions and enhance their economic stability. It works to maximize revenues, provide appropriate liquidity for governmental operations, provide timely and accurate information, and safeguard the accuracy of public transactions and the cash and cash equivalent assets of Clark County.

Treasurer

Program Summary

Treasurer's Administration

Administration is responsible for coordinating and managing the operating programs and functions of the Treasurer's Office, which serves as the custodian of all funds for the County and its governmental subdivisions. In addition, Administration develops and oversees the creation and implementation of policies and a multi-year strategic planning process; develops the Treasurer's annual budget; and helps coordinate and facilitate office security, internal control, personnel, and the dissemination of information.

Weed Management

Department Summary

The County Commissioners activated the Weed Management Department in 1974. The Department is responsible for the control of noxious weeds in the County. This land and water area consists of over 420,000 acres, broken into approximately 145,247 parcels.

Due in part to state mandates and the intrusion of new weed species, the Department now has programs that deal with many different weed species. Aquatic and terrestrial weeds are the subjects of these programs. In order to accomplish these state mandated tasks the Department is involved in various control activities, which include, but are not limited to the following items:

- 1) Education and Motivation - Public relation activities;
- 2) Biological activities;
- 3) Enforcement activities - Department applies control measures on property that legal owner(s) have failed to take appropriate action upon being notified of the noxious weed infestation.
- 4) Right-of-way weed control on County roads;
- 5) Land & Water surface surveys - to locate and identify noxious weed infestations;
- 6) Implement policies set by the Weed Board;
- 7) Initiate new programs;
- 8) Administrative Support for the above-noted activities and programs.

Weed Management

Program Summary

Weed Management

The Weed Department consists of five volunteer "Board Members", appointed by the Board of County Commissioners, approximately 18 volunteers to help, and four full time employees. During summer months the Department hires temporary summer help to provide assistance with the Roadway Right-of-way spraying, field inspection and the field cutting of noxious weeds.

The Department has established these main functions: 1) Weed Control - Promotes use of an Integrated Weed Management Plan (IWMP) for weed control; 2) Education and Motivation - Providing accurate information to landowners, education material and presentations, as well as other public relations activities; 3) Biological Control & Education - Growing and distributing biological agents; i.e., insects that are "host specific" and the natural enemy of noxious weeds; 4) Control Enforcement - Apply control measures on property that the legal owner(s) have failed to take appropriate action upon being notified of the noxious weed infestation; 5) Administrative Support - Providing the necessary administrative actions to support the above-noted activities.
