Alcohol and Drug

Department Summary

This program plans and coordinates alcohol and drug treatment services within the community and services are provided through contracts with several local treatment agencies that focus on Medicaid and low-income persons. Treatment services include sub-acute detoxification, assessment, referral, outpatient treatment, case management, drug testing and monitoring, crisis services, recovery services, inpatient placement and specialty court services. Funds received for treatments and program administration include a state contract with the Department of Social and Health Services and 2% of the State Formula for distribution of Excess Liquor Profits and Taxes received by Clark County and cities within Clark County. The department is working on integrating Alcohol/Drug services within Mental Health through various programs serving the co-occurring population. The Prevention services and funding portion of the contract are included in the Family and Youth Resources budget.

Children's Mental Health Project

Department Summary

The Department of Community Services is the recipient of a five-year grant totaling \$6,496,700 from the Substance Abuse and Mental Health Services Administration (SAMHSA) Center for Mental Health Services (CMHS). The purpose of the grant is to establish a sustainable, comprehensive service delivery infrastructure for children and adolescents with serious emotional disturbance and their families. The Center of this delivery system is the Children's System of Care Policy Council which has senior representation from all major child-serving systems, as well as parent advocates. The overall goal of these developments is to link the participating service systems with common outcomes, shared information systems, shared resources, strengthened community support, a rigorous evaluation and an integrated case management system.

DCS Central Administration

Department Summary

The Administration/MIS/Contract/Finance Unit ensures grant accountability standards within the department. The unit provides for centralized accounting, client service data reporting, fiscal reporting, contract and grants management support for all DCS programs. As DCS is primarily a grant funded department, this unit also provides technical support to other county departments who receive federal and state grants.

During 2007-08 this unit will merge with the administrative unit of the Clark County Department of Public Health. This consolidation of administrative services for the two county departments will work toward maximizing the knowledge base of both units and improving effectiveness for the administration of their combined federal and state funding.

Countywide Indirect Subsidy	1935-450-02	Subsidizing the indirect costs of the department will allow the resources currently being used to subsidize administrative expenditure shortfalls, which include countywide indirect and department indirect costs, to be contracted into the community for the provision of additional services in all DCS program areas serving the most vulnerable citizens of Clark County. The estimated need is \$495,989 but a portion of that is being covered by a cost offset as a transfer of general fund support in fund 1952 in the amount of \$96,000.	\$399,989	0.00	\$0

Developmental Disability

Department Summary

The Developmental Disabilities Program provides employment/day programs for children and adults with developmental disabilities through contracts with local providers and work with local businesses and community organizations. Day programs include early intervention services for children from birth to three years of age and adult services which are focused on supported employment services for individuals ranging from 21 to 62 years of age as well as community access for seniors. The county program is also responsible for information and education provided to community members and families regarding issues related to disabilities and for community development activities that enhance the awareness of all community members regarding the issues related to people experiencing developmental disabilities. The primary funding source is a state contract with the Department of Social and Health Services. Local property taxes provide additional revenue for the coordination and provision of services, as required by RCW.

Family & Youth Resources

Program Summary

Family & Youth Resources

This Unit provides services to families and youth that are prevention oriented and aimed at reducing violence. This unit also funds community action programs that target emergency food and shelter services. Services are funded from a number of state and federal grants. Clark County enhances services to at-risk youth with general funds and supports community coordination and other administrative activities.

At Risk Youth Grant 1934-450-01

The Department of Community Services has applied for a grant of \$500,000 per year. Funding is needed to expand this program to meet the needs of at-risk youth, with a target population of youth who are ages 7-18 and who are in need of mental health supports. The BOCC permission to apply for this grant was given through Staff Report 201-08. This budget increase is in anticipation of receiving the grant award.

Mental Health

Program Summary

Mental Health - Community Support

The Department of Community Services' mental health program is called the Clark County Regional Support Network (CCRSN). The CCRSN is responsible for managing mental health services in Clark County for all medicaid clients, as well as individuals with severe mental illness. Mental health services are administered through a contract with a managed-care organization, which in turn contracts with licensed mental health agencies.

COACHES Program 1952-450-02

DCS is requesting the funding for the Community Based proposal from Children's Center for the COACHES program. DCS currently contracts with the Children's Center in various program areas within the department. Children's Center is connected to the current DCS Netsmart system for the recording and monitoring of service provision for Mental Health and Substance Abuse clients. This could be a mechanism for the county to track the service provision specific to the COACHES program. Connection to the Netsmart reporting system would also allow for ensuring unduplicated services from the County Mental Health and Substance Abuse service delivery systems.

COMET Funding 1952-450-05

As an outcome of the Enhanced Treatment Therapeutic Court Advisory Group, The Department of Community Services is requesting \$1,300,000 from fund balance for the COMET program for budget years 2009-10. This funding provides continuation of COMET services at Lifeline Connections to Clark County residents following the end of the federal funding for COMET on October 1, 2007. The COMET (Co-occurring Methamphetamine Expanded Treatment) program began in October 2004 with a three-year federal Substance Abuse and Mental Health Services Administration grant to serve individuals in Clark County who have both a serious mental illness and methamphetamine addiction. Services include outreach, PACT case management, 24-hours-a-day, 7-days-a-week emergency coverage, medication management, peer support, and the Matrix Treatment Model, a best practice model of structured outpatient individual and group treatment for stimulant abuse.

Weatherization/Energy

Department Summary

Housing Preservation Programs encompass direct services for weatherization and the low-income energy assistance program. Both support the objective of Community Action Programs to meet the basic needs of low-income families and individuals. The assistance grant meets the immediate household need for assistance with heating costs. That same eligible household then may request weatherization which provides tailored and cost-effective measures to reduce energy usage.

Lead Hazard Control Program 1936-450-02

The Lead Hazard Control Program (LHCP) makes housing for low-income people safer by testing for and mitigating lead-based paint hazards. The Department of Community, Trade and Economic Development (CTED) may be awarded \$3 million from a competitive U. S. Department of Housing and Urban Development Grant to fund this work from November 2008 through October 2011. The Lead Hazard Control Program provides resources to low-income households in the service areas of 11 local housing agencies in 28 counties where lead-based paint poses a hazard. It assures the use of the most cost-effective, long-term solutions as measured by the number of homes serviced out of approximately 90,455 owner-occupied dwellings in need. Funds will be combined with rehabilitation and weatherization funds to maintain safe, healthy and affordable housing for income eligible residents of Clark County.
