

CDBG and HOME PROGRAMS 2011 ACTION PLAN

APRIL 2011

CLARK COUNTY CDBG AND HOME PROGRAMS

2011 ACTION PLAN

The *Clark County 2011 Action Plan* is a detailed list and description of the activities which will be conducted with federal Community Development Block Grant (CDBG) and Home Investment Partnership (HOME) funds in Clark County (outside of the City of Vancouver). These funds will be utilized to implement the objectives of the Five-Year Strategic Plan presented in Chapter Four of the *2010–2014 Clark County Housing and Community Development (H&CD) Plan*. The Urban County Policy Board developed the Action Plan through an open process that included the participation of service providers, public agencies and organizations, and from county citizens.

SERVICE DELIVERY AND MANAGEMENT

Clark County's institutional structure for implementation of the H&CD Strategies and 2011 Action Plan is strong. A variety of agencies and organizations play key roles in delivering and managing housing and community development programs throughout the county. Every city within the county (other than the City of Vancouver) participates and has an equal vote on the Urban County Policy Board (UCPB), which oversees the CDBG and HOME funding. Examples of projects funded by the UCPB include a variety of infrastructure improvements, the improvement of shelters and community centers, homeownership programs, housing construction and rehabilitation, as well as tenant-based rental assistance programs. The UCPB will look to increase the capacity of local housing providers, to support the development of housing for people with a variety of special needs, and to provide low-income housing rehabilitation throughout the county.

GEOGRAPHIC DISTRIBUTION

The housing and community development needs of the county are dispersed throughout Clark County. Many of the projects discussed below are not geographic-specific but are intended to benefit citizens throughout the county. Other projects may be site-specific and intended to serve a specific population. When available, this information is included with the project description. Projects receiving funds through the County will target the entire county (except for the City of Vancouver). Generally, new construction is conceived as benefiting areas within urban growth boundaries. New housing, community centers and senior centers may be located only within urban growth boundaries when funded, even though these projects may benefit persons living outside urban growth boundaries.

Goal 1: Establish and Maintain a Suitable Living Environment and Economic Opportunities

Strategy 1: Support acquisition of, and improvements to, facilities that provide services to low-income, elderly or special needs persons.

Activity CD-1.1: Support acquisition of, and improvements to, community facilities to enhance service delivery to low-income persons (consistent with neighborhood/community plans). Facilities should meet sustainability standards.

2011 Projects funded to support this activity: *None proposed.*

Strategy 2: Revitalize and enhance low-income neighborhoods and communities by improving their physical, social character and elimination of slums and blight.

Activity CD-2.1: Fund infrastructure improvements (streets, sidewalks, storm drainage, water, sewer, etc.) needed in eligible neighborhoods and communities (consistent with neighborhood/community plans).

2011 Projects funded to support this activity:

City of Battle Ground – Third Street Improvements

City of Camas – Town Park ADA Ramps

City of LaCenter – Old Town Roads and Pedestrian Improvements

Activity CD-2.2: Fund the acquisition of, and improvements to, parks and recreation facilities to improve the livability of low- and moderate-income neighborhoods (consistent with neighborhood/community plans). Facilities should meet sustainability standards.

2011 Projects funded to support this activity: *None proposed.*

Strategy 3: Support community economic vitality through activities that build a diverse economic base that enhances the opportunity for low income persons to become financially independent.

Activity CD-3.1: Support activities that retain or create jobs for low/moderate-income persons.

2011 Projects funded to support this activity: *None proposed.*

Goal 2: Ensure Decent Affordable Housing

Strategy 1: Increase the supply of housing in urban growth areas that is affordable to renter households earning 60 percent or less of area median income. Projects should serve households with a range of incomes, provide a variety of unit sizes, incorporate universal design and meet recognized sustainability standards.

Activity AH-1.1: Support the construction of new affordable rental housing.

2011 Projects funded to support this activity:
Community Services Northwest – The Compass Program
Longview Housing Authority – Lilac Gardens

Activity AH-1.2: Support acquisition and/or rehabilitation of rental housing to increase affordable housing stock.

2011 Projects funded to support this activity: *None proposed*

Strategy 2: Preserve existing affordable housing threatened with loss due to condition, location, expiring federal contracts, redevelopment efforts, lead-based paint, or other situations.

Activity AH-2.1: Support preservation of existing low-income single-family housing.

2011 Projects funded to support this activity:
Clark County - Housing Rehabilitation Program

Activity AH-2.2: Support preservation of existing low-income rental housing.

2011 Projects funded to support this activity:
Affordable Community Environments – Covington Commons Siding Replacement

Activity AH-2.3: Reduce accessibility barriers in single-family owner-occupied and rental housing.

2011 Projects funded to support this activity:
Clark County – Housing Rehabilitation Program

Strategy 3: Promote homeownership opportunities for low- and moderate-income households, including persons with disabilities and first-time homebuyers.

Activity AH-3.1 Support homeowner assistance for first-time or low-income homebuyers and encourage participation in pre- and post-purchase housing education.

2011 Projects funded to support this activity:

Community Housing Resource Center – First Time Homebuyer Program

Activity AH-3.2 Support techniques to assist low-income households to become homeowners or preserve home ownership.

2011 Projects funded to support this activity:

Ongoing; efforts will be reported in CAPER

Strategy 4: Create additional housing opportunities for self-sufficiency for low-income elderly and persons with disabilities or special needs. Projects should incorporate universal design and meet recognized sustainability standards.

Activity AH-3.1: Support the creation of housing for low-income elderly.

2011 Projects funded to support this activity: *None proposed*

Activity AH-3.2: Support creation of housing for disabled and special needs populations.

2011 Projects funded to support this activity:

Columbia Nonprofit Housing – Cherry Park

Strategy 5: Plan for and support strategies and initiatives to promote fair housing and increase access to housing and housing programs.

Activity AH-5.1: Work to increase access to housing for households with special needs.

2011 Projects funded to support this activity:

Ongoing; efforts will be reported in CAPER

Activity AH-5.2: Disseminate fair housing information to the public through support for regional housing search services, through community agencies, and support of fair housing conferences.

2011 Projects funded to support this activity:

Ongoing; efforts will be reported in CAPER

Goal 3: Provide Services to End Homelessness

Strategy 1: Prevention/diversion/discharge planning: Programs aimed to keep at-risk people in their housing, approaches to divert people from jail into housing and treatment services, and policies/resources that assure people are discharged from correctional facilities, hospitals, residential treatment facilities, and foster care with affordable housing and necessary supporting services in place.

Activity HS-1.1: Increase housing stability for individuals and families at risk of homelessness by supporting and expanding programs that provide short-term rental housing assistance, eviction prevention services, incentives for landlords to rent to low income households, and other supportive services.

2011 Projects funded to support this activity:
Ongoing; efforts will be reported in CAPER

Activity HS-1.2: Increase coordination and linkage among mainstream programs that provide care and services to low-income people in order to consistently assess and respond to their housing needs to prevent homelessness, and ensure that public institutions discharge people into housing.

2011 Projects funded to support this activity:
Ongoing; efforts will be reported in CAPER

Strategy 2: Housing plus supportive services: Expand the affordable housing available and provide the necessary supporting services to assist homeless youth, families, and single adults to reach self sufficiency. For most homeless populations, services will be transitional; more intense initially and tapering off over time. For the chronic homeless/disabled population, ongoing supporting services linked to affordable housing should be required.

Activity HS-2.1: Preserve and expand the supply of permanent housing and permanent supportive housing affordable to households with very low incomes.

2011 Projects funded to support this activity:
Ongoing; efforts will be reported in CAPER

Activity HS-2.2: Preserve and expand the supply of transitional supportive housing for individuals and families.

2011 Projects funded to support this activity:
*Clark County Regional Support Network – Community Housing Engagement Collaboration
Share – ASPIRE Tenant Based Rental Assistance*

Activity HS-2.3: Increase access to educational and employment programs to increase earning potential for individuals who are homeless, or at risk of homelessness, and lead to self-sufficiency.

2011 Projects funded to support this activity: *None proposed*

Strategy 3: Short term emergency response: Quickly identify people who are homeless, assess their needs, and move them into housing with appropriate supporting services. They include outreach, shelter, and rapid access to benefits, services, and affordable housing.

Activity HS-3.1: Maintain an effective outreach program to chronically and non-chronically homeless persons having difficulty accessing services in order to link them to resources.

2011 Projects funded to support this activity: *None proposed*

Activity HS-3.2: Ensure availability and access to clearinghouse, emergency shelter and services in the existing shelter system.

2011 Projects funded to support this activity: *None proposed*

Strategy 4: System wide Improvement: The Clark County Homeless Plan contains two strategies that are designed to improve the overall performance, efficiency, and accountability of the homeless system.

Activity HS-4.1: Plan and coordinate system-wide to efficiently manage limited resources for ending homelessness.

2011 Projects funded to support this activity:
Ongoing; efforts will be reported in CAPER

Activity HS-4.2: Build on successful implementation and expansion of the Homeless Management Information System (HMIS) in Clark County.

2011 Projects funded to support this activity:
Ongoing; efforts will be reported in CAPER

Program income is any income generated from the use of CDBG and HOME funds, such as proceeds from loan repayments. Program income accrued must be used prior to drawing additional program funds from the federal line of credit. Program income for active contracts must be accounted for on each reimbursement request. HOME funds received from a project before the affordability period has expired are recaptured funds and not HOME program income.

LEVERAGING OTHER FUNDS

Clark County will take actions to assist other agencies and organizations in applying for all available funds and leveraging other resources to implement the housing strategies and programs. Clark County will also work with a network of representatives from the private lending community, financial experts, and private and non-profit housing developers and consultants who can provide technical expertise in packaging development proposals. Clark County will also submit letters of support and verification of consistency for project applications which support the goals and objectives found in the H&CD Plan. The limited Clark County CDBG and HOME funds in many cases provide gap financing for projects receiving HOME funds through the State of Washington, Low Income Housing Tax Credits, bonds and for the homebuyer program, private mortgage funds. Because there are not enough HOME funds to complete projects by themselves, project sponsors must leverage other funds sources in amounts greater than the HOME funds available.

The CDBG and HOME applications strongly encourage leveraging of other funds. CDBG applicants can receive up to 10 additional points when the project applications are scored for committing a higher level of match for their project.

The HOME program encourages leveraging additional funds by awarding up to 5 additional rating points for HOME eligible match exceeding the 25% minimum HOME match requirement. Some of the HOME projects include Washington State Housing Trust Funds which meet the HOME match requirement. In addition, a few projects have various fees waived and provide services to tenants that also meet the HOME match requirements. The 2011 HOME projects requiring match will exceed the minimum 25% non-federal HOME match requirement. Specific projects generating match include: Affordable Community Environment's Covington Commons Apartments, with approximately \$90,000 match; Columbia Nonprofit Housing's Cherry Park Apartments with approximately \$350,000 match and Longview Housing Authority's Lilac Gardens with approximately \$300,000 match.

INSTITUTIONAL STRUCTURE

In 2008, Clark County improved its housing and community development institutional structures by using its HB2163 and HB1359 funds in a combined application process for three years of funding. The Clark County Housing and Community Development unit of the Department of Community Services is responsible for housing and community development policy analysis, implementation of programs identified in the H&CD Plan, advocacy for affordable housing, monitoring progress towards objectives, creation of non-profit developers, allocation of state and county resources, integration of state, local funds, federal funds with the needs and capacity of local housing and homeless service providers, and technical support.

PUBLIC HOUSING IMPROVEMENTS

The actions and steps to be taken by the Vancouver Housing Authority (VHA) in 2009 to improve the management and operations of public housing units and to enhance the living environments of public housing tenants are described in the Five-Year Action Plan of the Capital Fund Program. Actions and steps to encourage resident involvement are also described in the Five-Year Action Plan.

A report of the Vancouver Housing Authority's activities and expenditures to improve the living environments of public housing residents can be found in the Vancouver Housing Authority's Annual Statement of the Comprehensive Grant Program.

ANTI-POVERTY STRATEGY

Poverty is a complex problem that must be addressed at the local, state, and federal level. Strategies to alleviate poverty need to focus on a range of services to reflect a continuum of needs and progress towards self-sufficiency. Homeless people need basic services such as shelter, food, clothing, and health care. Persons at risk of being homeless need transportation, emergency assistance, childcare, case management, education, and job and household skills training. Finally, as individuals and families become more stabilized, they need job training and job opportunities which provide livable wages.

Clark County Department of Community Services can impact only some of the causes of poverty. The County can do this by encouraging employers that pay livable wages, ensuring that the area has housing and human service providers able to offer the continuum of services necessary for self-sufficiency, and develop or continue programs aimed at reducing the number of households in poverty. The Community Funds (House Bills 2060, 2163 and 1359) distributed by Clark County have enabled the county to provide additional funds to address poverty and homelessness.

Clark County's anti-poverty strategies focus on increasing the self-sufficiency of low-income individuals and families. In achieving this goal, the County will:

- Continue to provide or act as a broker for the delivery of basic services for emergency shelter, transitional housing, case management, food, and low-income energy assistance and weatherization programs.
- Support the programs of the Council for the Homeless and providers of emergency and transitional shelter and services to persons who are homeless or at risk of being homeless.
- Support the activities of WorkSource of Clark County to provide job training and self-sufficiency skills to extremely low- and low-income persons.
- Continue to provide funding for services and activities through the federal Community Services Block Grant and the Community Funds.

STRATEGIES TO END CHRONIC HOMELESSNESS

The following strategies from the Clark County 10-Year Homeless Plan are listed in priority order:

Strategy 1 PREVENTION	Increase housing stability for individuals and families at risk of homelessness by supporting and expanding programs that provide short-term rental housing assistance, eviction prevention services incentives for landlords to rent to low income households, and other supportive services.
Strategy 2 DIVERSION/ RE-ENTRY	Increase coordination and linkage among mainstream programs that provide care and services to low-income people in order to consistently assess and respond to their housing needs to prevent homelessness, and ensure that public institutions (hospitals, prisons, jails, mental health facilities) discharge people into housing.
Strategy 3 PERMANENT HOUSING	Preserve and expand the supply of permanent housing and permanent supportive affordable to persons with very low incomes.
Strategy 4 TRANSITIONAL/ SUPPORTIVE	Preserve and expand the supply of transitional supportive housing for individuals and families.
Strategy 5 EMPLOYMENT/ INCOME SUPPORT	Increase access to educational and employment programs to increase earning potential for individuals who are homeless, or at risk of homelessness, and lead to self-sufficiency.
Strategy 6 OUTREACH/ ACCESS/ LINKAGE	Maintain an effective outreach program to chronically and non-chronically homeless persons having difficulty accessing services in order to link them to mainstream resources, as well as comprehensive housing, case management, physical and mental health services, and chemical dependency treatment.
Strategy 7 ACCESS TO SHELTER	Ensure availability and access to staffed clearing house, emergency shelter and services in the existing shelter system.
Strategy 8 PLANNING/ COORDINATION	Plan and coordinate county-wide and system-wide to efficiently manage limited resources for ending homelessness.
Strategy 9 DATA ANALYSIS	Build on successful implementation and expansion in Clark County.

LEAD-BASED PAINT HAZARD REDUCTION EFFORTS

To evaluate and reduce lead-based paint hazards during the program year, Clark County will:

- Coordinate public and private efforts to reduce lead-based paint hazards in residential units;
- Participate in region-wide efforts by agencies to reduce lead-based paint hazards;
- Follow the existing Housing Rehabilitation Program's Policies and Procedures regarding lead hazard evaluation, reduction, and education activities;
- Rehabilitation staff will continue to be trained on lead-based paint procedures;
- Pursue lead-based paint funds for helping to identify and control LBP hazards in both renter and owner-occupied housing;
- Support and promote comprehensive public health programs aimed at education and testing, especially for low and moderate-income households and households at risk.

COORDINATION OF SERVICES

To enhance coordination of public, private, and nonprofit housing providers, human service agencies, and social service providers Clark County will:

- Continue to work with other jurisdictions and agencies within the County to prioritize housing needs, provide services, and maximize the use of federal, state, and local funds for affordable housing, community development, and related services throughout the county.
- Continue to participate in coordination efforts initiated by the Council for the Homeless for shelter and services for homeless individuals and families.
- Facilitate groups of service providers to provide information on current projects, share information about funding sources, collaborate on projects and problem-solve.
- Continue to work with the Vancouver Housing Authority and public housing residents to identify gaps in housing for low-income renters and special needs populations and to develop housing programs to meet these needs.
- Continue to plan and coordinate with Community Fund recipients via quarterly meetings and community reports from providers. This has encouraged a closer working relationship with various service providers throughout the county who are addressing poverty and homelessness issues.

MONITORING PLAN

Clark County has extensive monitoring procedures with regard to funds provided by HUD. These procedures were developed to address Federal, State and County statutory and regulatory requirements in addition to providing County staff with a system of ensuring project compliance and accomplishment. Along with other funds received from HUD, Clark County will conduct monitoring reviews to determine that the County's programs financed by CDBG and HOME funds will be carried out in accordance with the County's adopted H&CD Plan and in a timely manner (HOPWA funds are monitored by the City of Portland). This section will discuss (1) monitoring to meet H&CD Plan goals, (2) ensuring compliance with statutory and regulatory requirements, and (3) maintaining fiscal control.

Clark County also requires HOME and CDBG grantees to complete quarterly progress reports.

MONITORING TO MEET H&CD PLAN GOALS

Clark County will report annually on the progress made toward meeting the goals established in the H&CD Plan for assisting persons and communities at or below 80% of the median income. This performance report will comply with HUD's requirements and format and be submitted by the date HUD selects.

LOW/MOD BENEFIT

Eighty percent of Clark County's CDBG funds are used to benefit people of low and moderate income. The remaining twenty percent are reserved for administration and planning as permitted by Federal CDBG regulations.

COMPLIANCE WITH STATUTORY AND REGULATORY REQUIREMENTS

Clark County has three major monitoring tools to ensure compliance with requirements. These are (a) policies, (b) contract requirements and (c) on-site monitoring.

POLICIES

The Clark County H&CD Plan will be used to guide the CDBG and HOME allocation processes.

Agencies requesting funds are asked to respond to general and program-specific policies in their application. The general policies incorporate federal, state and local requirements. These policies include, among others:

- consistency with local codes and policies;
- restrictions on change of use of property/buildings assisted with federal funds;
- establishment of a legally binding public interest;
- minimization of displacement and provision of relocation assistance;
- adherence to federal wage rates;
- compliance with federal audit requirements;
- adherence to lead-based paint abatement regulations;
- establishment of affordable rents;
- minority and women-owned business participation; and
- affirmative marketing.

All projects requesting CDBG and HOME funds are evaluated to determine if they are (1) program eligible and a priority based on program policies, (2) consistent with local, state and federal regulations, and (3) viable as submitted.

CONTRACT REQUIREMENTS

Agencies or cities that have projects funded through HOME or CDBG will be required to enter into a contract with Clark County. In addition to the scope of work, duration and projected accomplishments or performance, each contract contains federal, state and local program requirements by which each agency must abide. These include, but are not limited to:

- access, monitoring and inspections;
- acquisition procedures;
- administrative requirements;
- affirmative marketing;
- affordability: income and rent requirements for HOME projects;
- audits;
- bid and procurement procedures;
- certification regarding lobbying;
- conflict of interest issues;
- constitutional prohibition against funding of religious activities;
- construction requirements;
- environmental review;
- grounds for suspension or termination;
- housing quality standards;
- insurance coverage;
- labor standards;
- lead-based paint hazard reduction;
- minority and women-owned business participation;
- non-discrimination practices;
- non-duplication of costs;
- non-substitution of local funds;
- prohibition of political activities;
- promissory note, deed of trust and covenant restrictions for HOME projects;
- public information;
- relocation and one-for-one replacement housing;
- replacement and operating reserve requirements for HOME projects;
- reporting and record keeping;
- restrictions on change of use;
- safety standards;
- Section 504/handicapped accessibility;
- subcontracting; and
- tenant protection and lease requirements for HOME projects.

Sub-grantees are encouraged to clearly understand that the contract requirements are the criteria against which they will be monitored. When the contract agreement has been signed by the sub-grantee and Clark County, a meeting is held between the project manager and the sub-grantee to ensure that the sub-grantee is aware of all conditions that accompany the agreement. The more complicated requirements such as Davis-Bacon wage rates, lead-based paint abatement, Section 504 Accessibility, bidding requirements and procurement procedures are given special attention. The project manager keeps in touch with the sub-grantee on the progress of the project and is available throughout the life of the contract for continuing technical assistance.

Construction projects include a pre-construction conference with the project manager, sub-grantee and the projects' architect or engineer. The meeting is to assure that the bid specifications will include reference to federal wage rates and work will be done in compliance with federal standards.

ON-SITE MONITORING

Based on regular desk reviews, the county may schedule on-site monitoring with selected sub-grantees. During the site visit, staff review records and evidence of performance in many areas: program administration, benefit to persons at or below 80% of median income, equal opportunity in employment, real property acquisition and relocation, procurement procedures, construction projects, finance and record-keeping and audit requirements, among other areas. The checklist of areas to be monitored is reviewed and updated annually and has been reviewed by the local HUD office. This progress helps the project managers identify areas that need attention when dealing with a particular project and sub-grantee. The project manager will work with a sub-grantee until the deficiency identified in the monitoring report is rectified.

For projects with a restriction on change of use, periodic visits are conducted during the years the restriction is in place. As part of the annual CAPER report of program accomplishments, data is collected from recipients for reporting Section 3, affirmative marketing, HOME match, and minority and women-owned business participation.

All projects requiring deeds and covenants are tracked by Clark County Department of Community Services (DCS). The DCS tracking system provides current financial information and beneficiary data. The system also schedules HOME on-site monitoring and tracks rental projects, tenant income, and rental data during the affordability period. The DCS tracking system schedules HQS inspections of rental units at the appropriate interval. All HOME recipients, agencies serving CDBG limited clientele, and housing recipients are provided annual updates of median area income and rent limits.

FISCAL CONTROLS

The county has standardized procedures to ensure that fiscal information on HOME and CDBG funds submitted to HUD's cash and management information system is correct and complete. Once a letter of credit is approved and HOME and CDBG funds become available, separate accounts are set up through the county Auditor's Office.

Each approved project is linked to each account authorized by the respective letter of credit. A continuing balance for each project is maintained and can be accessed on a weekly basis. A separate account for HOME matching funds has been set up and the HOME staff is responsible for monitoring allocations and expenditures to ensure matching requirements are met.

When the sub-grantee requests reimbursement, they are required to submit a county voucher request and backup documentation of costs incurred which the project manager and a fiscal staff person review. Reimbursement requests are reviewed for appropriateness and eligibility under contracted provisions. If an inappropriate or ineligible cost is incurred, or if performance falls far below projections, the county will not reimburse the sub-grantee and will meet with them to try to rectify the situation.

The completion of a project does not necessarily end the County's involvement. For example, once a construction or real property acquisition project is completed, the County will secure the public interest in the project and restrict any potential change of use via a promissory note and deed of trust instrument against the real property. HOME and CDBG funds are subject to payback, with a share of the appreciated value, if the use of the property changes.

HOME PROGRAM RECAPTURE PROVISIONS

As stipulated in 24 CFR 92.254, housing purchased through the Low Income Home Ownership Assistance Program must be the principal residence of the eligible family through the affordability period described below. The property is secured by a deed of trust specifying the affordability period and a written agreement between the subrecipient and homeowner.

The affordability period is as follows:

- Assistance under \$15,000 requires a 5-year affordability period; and
- Assistance from \$15,000 to \$40,000 requires a 10-year affordability period.

If the housing purchased through the first-time homebuyer program is sold prior to the end of the affordability period, the County expects to recapture the initial investment.

If the "net proceeds" (sale price minus non-HOME mortgage repayment and closing costs) are sufficient, the full amount of the HOME assistance shall be recaptured if the housing does not continue to be the principal residence of the family during the affordability period.

If the "net proceeds" are not sufficient to recapture the full HOME investment plus enable the homeowner to recover the amount of the homeowner's down-payment and any capital improvement investment made by the owner since purchase, the participating jurisdiction may share the net proceeds. The net proceeds are the sales price minus loan repayment (other than HOME funds) and closing costs.

The net proceeds may be divided proportionally as set forth in the following mathematical formulas:

$$\text{Recaptured HOME Funds} = \text{Net proceeds} \times \frac{\text{HOME Funds}}{\text{HOME Funds} + \text{Homeowner Funds}}$$

$$\text{Amount to Homeowner} = \text{Net proceeds} \times \frac{\text{Homeowner Funds}}{\text{HOME Funds} + \text{Homeowner Funds}}$$

Recaptured HOME funds will be used for other HOME eligible activities.

OTHER FORMS OF INVESTMENT

The county only uses those forms of investment described in 24 CFR 92.205(b).

2011 ACTION PLAN PUBLIC COMMENTS

The 2011 Action Plan will be published on April 15, 2011 in The Columbian and distributed to all public libraries in Clark County. The plan is available on the Clark County CDBG/HOME website. A public hearing will be held before the Clark County Board of Commissioners on May 10, 2011.

May 12, 2011 a citizen called with comments regarding the Action Plan ad in the newspaper. He expressed concern about funds going to the Vancouver Housing Authority. He was also worried about Cherry Park's location and accessibility.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within 10 calendar days after receiving notice under subparagraph 4(b)

from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted.
 - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with Plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Discharge Policy -- Clark County certifies it established a policy for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care, or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons.

SPECIFIC CDBG CERTIFICATIONS

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income (See CFR 24 570.2 and CFR 24 part 570).

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2009 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with

CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its notification, inspection, testing and abatement procedures concerning lead-based paint will comply with the requirements of 24 CFR §570.608;

Compliance with Laws -- It will comply with applicable laws.

SPECIFIC HOME CERTIFICATIONS

The HOME participating jurisdiction certifies that:

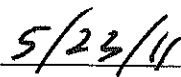

Tenant Based Rental Assistance -- The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR §92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

1. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

2. Drug-Free Workplace Certification

(a) By signing and/or submitting this application or grant agreement, the grantee is providing the certification.

(b) The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

(c) Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

(d) Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).

(e) If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).

- (f) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)
1601 E. Fourth Plain Boulevard
Vancouver, Clark County, Washington 98661

Check if there are workplaces on file that are not identified here.

The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

3. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Project Clark Homeless Engagement Collaboration (CHEC)

Activity Rental Housing Subsidies

Description
Funds will be used to provide tenant-based rental assistance for approximately 25 people who are at or below 30% of area median income. TBRA will be provided only to individuals re-entering the community from treatment services, jail or other institutions. Tenants will receive case management services and can stay in the program for up to 24 months. Due to the gap between those earning 30% of AMI and current rental availability and affordable rates, tenant-based rental assistance is a necessity in Clark County.
