Solid Waste Program

Superior service that is responsive and cost justified

February 24, 2010

Dear Neighborhood Officer:

All county neighborhood associations are invited to join city neighborhoods for the annual Recyclingest Neighborhood Workshops. County neighborhood representatives that attend a workshop and publish an approved recycling article in their neighborhood newsletter will receive \$120.

Choose from 10 pre-written articles or write your own.

Pre-written recycling articles will be available at the workshops and on the Neighborhood Outreach Program's Weekly Update Web page. If you write your own recycling article, please e-mail it to sally.fisher@clark.wa.gov for review before you publish it in your newsletter. Checks will be issued after the approved recycling article appears in the neighborhood newsletter.
