A refreshing update

In an effort to further our commitment to inspiring kids of all ages to connect with nature, we have updated our website to better serve the community. With an emphasis on Nature Play, our site now provides inspirational ideas for educators and kids of any age. We encourage you to check out our new site at www.parksfoundation.us and be inspired to step outside.

Report back! Let us know what you think of the new site and share your adventures on our facebook page. Your stories encourage others and help us all appreciate the valuable role our parks, trails, and recreational programs play in our lives. We hope you enjoy the new site and look forward to hearing from you.
