## What is STASHA Education Program?

STASHA Peer Educators are Clark County youth between the ages of 12-19 (7<sup>th</sup> grade- freshman in college) who work to prevent substance abuse among their peers and with their community using their own words and in their own way.

The young people in this program seek to represent the diverse geographic regions and populations of the county. **This group is comprised of youth who have never used drugs and alcohol, youth with past experimentation/use, and youth who have completed treatment and are now in recovery.** Youth serve a one year term (September-August) and can continue to serve through their first year of college, if attending school locally.

The group meets the first and third Mondays of each month from 6-8 pm at the Clark County Youth House. In order to successfully carry out the project ideas, the group also meets for sub-committee meetings. Peer Educators typically volunteer about 4-8 hours each month.

## Peer Educators:

- **Promote** awareness through outreach and educational programs, while serving as a resource for his/her peers at school and/or one-on-one.
- **Advise** various county groups on how to best address substance abuse at a community level.
- **Support** programs and policies that minimize substance abuse and encourage youth to pursue positive behavior changes and participate in a healthier Clark County.
